**CULTURE AT THE CORE
OF OUR DIVORCE PROCESS**

How does culture affect the way our clients and patients behave during the divorce process? How does it affect the practitioners and the decision-makers interacting with them? Judge Charlene Elder of the Family Division of the Wayne County Circuit Court and Ellen Yashinsky Chute, Chief Community Outreach Officer of Jewish Family Services and adjunct professor at University of Michigan will share their insights into these important questions.

As always, guests of MIPA members are welcome to attend this presentation for a nominal \$5 additional charge.
